

Ms. Balderama-

This letter is in response to your letter of November 14, 2006. This letter indicated several issues.

The first was the incorrect report classification of the 12-day Pre-General. The original report indicated that the report for 10/1/06 to 10/18/06 was a Pre-Primary and not a Pre-General report. Through the assistance of your technical support office and Eliza Green as well as Christopher in your absence a backdoor code was obtained and the reporting period corrected under amendment FEC-266154.

The second issue was our "best efforts" attempts for obtaining required information from contributors to the Committee.

Currently, we utilize the following procedures for obtaining this information:

1. The original solicitation for funds contains a request for the full name, mailing address, occupation and name of employer for the contributor.
2. A disclaimer is printed on the original solicitation that this information is required by law for those contribution over \$200 in an election cycle.
3. We will be sending out another request to those who failed to provide this information this week. The mailing will not contain a solicitation for money, only a solicitation for the required information. It will also include a pre addressed envelope. In the future, these requests will be made within the 30 days of the receipt of the contribution. We believe this will satisfy the FEC requirements. If they do not, please contact us again and we will make additional modifications.

Thank you.
